

For Sale & One-Page Web Sites

This page enables you to set up and edit For Sale pages and one-page Web sites. A For Sale Parked Page lists the domain name, a “For Sale” sign, and a contact email address. A one-page Web site allows you to add one photo, some text, and two links on the page.

Manage Web Sites and Parked Pages

- **To Setup a New Web Site**, click "Setup Site" under the type of web site you'd like to create. For instance, if you're creating a One Page Web Site, click "Setup Site" to setup the initial account settings.
- Once the initial settings are created, click "Build Web Site" to create your web site.
- You can always **edit your web site once it's built**, by clicking "Build Web Site".
- If you have forgotten your Web Site login or password please [click here](#).
- **Traffic Facts Users:** To apply, or cancel Traffic Facts on your existing website account, click "View Hosting Settings." For new accounts, you will be given the option to apply Traffic Facts when you select "Setup Site," then "Setup/Edit Hosting."

Domain For Sale	One Page Web Site

To setup a For Sale page:

1. Click the Setup Site button under Domain For Sale.
2. Select the domain name that you would like to set up as a For Sale page.
3. Enter an email address where you would like inquiries for the purchase of the domain name to be sent.
4. Click Save Settings.

To set up a One-page Web site:

1. Click the Setup Site button under One Page Web Site.
2. Select the domain name that you would like to set up as a One-page Web site.
3. Click the Build Web Site button.
